3. Code: 92 29 001
4. Doctoral candidate: Nguyen Thuy Mai
5. Scientific supervisors: 1. Assoc. Prof. Dr. Nguyen Thi Que
   2. Dr. Nguyen Thuy Ha
6. Institution: Academy of Journalism and Communication
7. New conclusions of the dissertation:

First, the dissertation contributes to clarifying the dialectical relationship between social security and the realization of social justice, as well as the role of social security in this process from a philosophical perspective. In particular, it examines how social security helps harmonize interest relations, narrow social disparities, and promote human development.

Second, the dissertation clarifies the current situation, achievements, limitations, underlying causes, and emerging contradictions and issues in ensuring social security in association with the realization of social justice in Ninh Binh Province, particularly in the context of the merger of the three provinces.

Third, the dissertation proposes orientations and solutions to improve the effectiveness of ensuring social security in the realization of social justice, with an emphasis on the rational allocation of resources, the harmonization of interest relations, and the reduction of disparities in access to and enjoyment of social security among different population groups and localities.
