7. Summary of new conclusions of the dissertation:

*First*, the dissertation points out the working concept of the topic: Studying and following Ho Chi Minh's ideology, morality, and style in the Party Committees of the Northern Central Region involve all the activities of the Party committees, cadres, and members at various levels of the Party in the region. This includes studying, absorbing, practicing, and enhancing awareness of the content of Ho Chi Minh's ideology, morality, and style, and implementing these principles in the fulfillment of their tasks. It contributes to improving the quality of the leadership and Party members and ensures the successful completion of the political tasks of the Party committees.

*Second*, the dissertation draws four lessons from the study and practice of Ho Chi Minh's ideology, morality, and style in the Northern central Party Committees in recent years, particularly the lesson of enhancing political communication regarding Ho Chi Minh's ideology, morality, and style, promoting pride and sacred feelings of Party members, Party committees in the Northern central provinces toward President Ho Chi Minh, creating a significant motivation for Party committees and members to study and follow his Thought.

*Third*, the dissertation analyzes and discusses six solutions to further promote the study and implementation of Ho Chi Minh's ideology, morality, and style in the Party Committees of the Northern central provinces in the future, with a breakthrough solution: Promoting the pioneering role and exemplary responsibility of Party members, especially the heads of Party committees, agencies, and units in the Northern provinces in studying and following Ho Chi Minh's ideology, morality, and style.
