7. New conclusions:

*Firstly*, the thesis presents the central concept of the topic: The inspection work of the Party Committee's Inspection Committee in Hanoi City is the committee's activities in developing inspection programs and plans during its term and annually according to its functions and duties; issuing inspection decisions; organizing implementation; participating in and being the core force in inspections of the Party Committee and the Standing Committee of the Party Committee of the ward; participating in inspections of the Party Committee's office and Party building committee when requested; providing professional training and guidance on inspection and Party discipline work to lower-level Party committees and cadres; summarizing, reviewing, and drawing lessons from inspection work.

*Secondly*, the thesis draws out specific lessons learned regarding the inspection work of the Party Committee's Inspection Committees at the ward level in Hanoi from 2020 to the present: Emphasizing the importance of improving the capacity, qualifications, and integrity of the staff working in the inspection work of the ward-level Party Committee's Inspection Committees.

*Thirdly*, the thesis proposes a groundbreaking solution for strengthening the inspection work of the Party Committee's Inspection Committee at the ward level in Hanoi in the coming period: Building an inspection committee, an inspection committee agency, and a team of inspection committee members at the ward level that effectively meet the requirements for strengthening the inspection work of the inspection committee in the coming period.
