

## SUMMARY OF NEW CONCLUSIONS OF THE PHD THESIS

1. Title: **Provincial Party Committees in the Red River Delta Lead the current work of intermediate-level political theory training**

2. Field of study: Party Building and State Administration

3. Code: 9 31 02 02

4. Name of PhD candidate: Pham Thu Huong

5. Supervisors:     1. Assoc. Prof. Dr. Tran Thanh Giang  
                          2. Assoc. Prof. Dr. Ngo Huy Tiep

6. Training institution: Academy of Journalism and Communication

7. New conclusions:

*Firstly*, the thesis develops the concept and content of intermediate-level political theory training in the provinces of the Red River Delta

*Secondly*, the thesis presenting the central concept of the topic: *The leadership of intermediate-level political theory training by provincial Party committees in the Red River Delta encompasses the totality of activities of the provincial Party committee and its standing committee in formulating resolutions and policies on intermediate-level political theory training; leading and directing organizations of the political system and cadres and Party members to implement the resolutions; and simultaneously inspecting and supervising the implementation of the resolutions to continuously improve the quality of intermediate-level political theory training for cadres and Party members of the local political system.*

*Thirdly*, the thesis has established a theoretical framework for the topic, clearly identifying five leadership contents and five leadership methods of the provincial Party committees in the Red River Delta regarding the training of intermediate-level political theory.

*Fourthly*, the thesis proposes three groundbreaking new solutions: 1) Innovating some aspects of the leadership of provincial Party committees in the Red River Delta regarding the training of intermediate-level political theory; 2) Building the organizational structure of political schools and a team of lecturers and management staff to meet the requirements and tasks of training intermediate-level political theory; 3) Promoting scientific research and summarizing practical experiences in the training of intermediate-level political theory, linked to building standardized political schools.
